

## ► GENERAL INFORMATION

These instructions are for students giving a paper (oral) presentation in one of the conference technical sessions from **Monday, November 6 – to Wednesday, November 8**. The Student Paper Competition provides students an excellent opportunity to showcase their work and command greater audience interest than normally available. You will want to make sure that you share the results of your work with attendees in a meaningful way such as having illustrations and brief text in your PowerPoint presentations.

### **PRESENTER RESPONSIBILITY**

At the start of your presentation in your technical session, please make sure to announce the following. “My name is \_\_\_\_\_ and I am competing today in the Student Paper Competition. After my presentation, please fill out this one-page evaluation form and return it in this confidential envelope. I will not have access to the evaluations.”

*TIP! We suggest you actually hand them out before the next presenter goes to ensure you get evaluated.*

### **STUDENT RIBBON**

Please make sure you are wearing a student ribbon on your name badge. This will help audience members recognize when there is a student presenting.
