Continuing Education & Professional Development Hours Form

AWRA 2021 Virtual Annual Water Resources Conference | November 8-10

Continuing Education is required to renew most professional licenses. States use different labels and have varying approval criteria; please research your state's specific criteria and verify with your licensing agency prior to using this form. AWRA provides Certificates of Attendance representing Continuing Education Units (CEUs) and Professional Development Hours (PDHs), which can then be converted to a variety of units. AWRA does not record PDHs or maintain records but we can verify your attendance through registration.

- ▶ Use this form to document the sessions you attended during the AWRA 2021 Virtual Annual Water Resources Conference. Sessions are 1.5 hours in length
